BACKGROUND

"BIZNESI" College, established in 2004, is a private institution of higher education, so it is a Private Higher Education Provider (PHEP) in Kosovo. The establishment of "BIZNESI" College

was based on the Regulation no. 2003/04 on the promulgation of the Law on Higher Education, approved by the Assembly of Kosovo, and on the Administrative Instruction on Licensing Private Higher Education Providers in Kosovo, no. 14/2003.

"BIZNESI" College is licensed by the Ministry of Education, Science and Technology as per Decision no. 464/10.

Following the complete technical preparations, the engagement of the academic and administrative staff, according to the legal norms, "BIZNESI" College started its work in the academic year 2005/06. Several generations of students have successfully studied at "BIZNESI" College. "BIZNESI" College conducts its academic activity in the field of Economics and Emergency Management Studies, at three levels, level III of the NQF, Bachelor level and Master level.

At "BIZNESI" College, the total number of students enrolled during these academic years is over 13,000.

MISSION

"BIZNESI" College is an independent institution of higher education. It conducts educational and scientific activities. The institution is determined to meliorate knowledge and science, open to all in the affirmation of values.

"BIZNESI" College continuously monitors the needs of the Kosovo society, in order to adapt to it the academic requirements, realized according to European standards in the development of higher education. For the purpose of realizing its strategic requirements, it has set criteria, established good relations with all stakeholders, it has taken initiatives and proposals by setting up departments and institutes in accordance with its activity.

"BIZNESI" College, in accordance with the Bologna Declaration of 1999 and, carries out its mission in achieving strategic objectives, creating adequacy for the circumstances of higher education in Kosovo.

"BIZNESI" College considers the quality in higher education as one of the basic European orientations, in creating a common space in the process of development of higher education, which is the basic criterion of the Bologna Process, as a result, it strives to achieve its strategic development for this purpose.

STUDIES in ECONOMICS

Management and Economics (BA)

Banking and Finance in Business (BA)

Management and Finance (MA)

"BIZNESI" College has provided practical training in its curricula for the purpose of meeting students demands. For its better implementation, the college has concluded agreements with various governmental and non-governmental institutions.

Carrying out practical training, which aims to improve the quality of teaching, helps students in creating the best experience in their professional training.

"BIZNESI" College, in all departments, organizes and implements practical teaching, with the supporting means provided by the College, as well as with the support of other relevant institutions, with which it cooperates.

LAW STUDIES

STUDY PROGRAM GOALS

- Meet the needs of all who continue their careers in the field of justice. The primary motive is to gain legal skills,
- To provide appropriate and sufficient knowledge of the institutions and basic procedures of the justice system in the country and beyond,
- It enables the development of critical thinking for law students, in the comparative, historical, social, economic and political context, offering students different theoretical and practical approaches.
- It creates the opportunity for the development of personal, communication and research skills which are important and necessary for the employment of law graduates.

General Law (LLB)

EMERGENCY STUDIES

Emergency Management (BA)

Emergency Management (MA)

Fire Protection Technician (Level III of NQF)

PRACTICAL LESSONS FOR THE STUDENTS

In addition to the theoretical knowledge, the students acquiring knowledge in these areas, have the opportunity to be trained in practice in:

- "BIZNESI" College Laboratory
- Emergency Management Department,
- Through firefighting centers throughout Kosovo.

THE FOLLOWING ACTIVITIES ARE ORGANIZED AS PART OF THIS PROGRAM

1. Vocational training and counseling,
2. Certificates in the field of emergencies,
3. Compilation of fire protection projects for:
 - residential buildings,
 - administrative facilities,
 - different factories, (depending on the technological process of production),
 - fuel and gas storage projects,
 - fuel point sales projects.

EMERGENCY STUDIES

“BIZNESI” College is the only accredited Higher Education Institution in Kosovo and in the region that organizes studies in the field of Emergencies

STUDY PROGRAM GOALS

- Meet the needs of all who continue their careers in the field of emergencies.
- To provide appropriate and sufficient knowledge for institutions as well for emergency management procedures in the country and beyond,
- It provides learning knowledge related to research, as well as engages students in the realization of acquired knowledge.

The laboratory within the Emergency Management program operates for:

- Filling, testing and examining fire extinguishers,
- Installation and control of alarm system: CO2 gas and smoke,
- Hydrant testing: wall and surface,
- Testing and certification of gas cylinders,
- Extinguishing and certification of the materials for fire extinguishers,
- Testing of firefighting equipment (working under pressure),
- Professional advice in the field of emergencies.

EMERGENCY INSTITUTE

The Agency for Emergency Management has authorized “Biznesi” College with its legal mechanisms, such as Institute of Emergencies, to act as follows:

- Authorization No. 167, dated 22 December 2016
Work related to studies in the organization of fire protection
- Authorization No. 168, dated 22 December 2016
Measurement of earthing resistance in lightning installations
- Authorization No. 19-02, dated 06 February 2017
Drafting projects - elaborates for fire protection
- Authorization No. 20-02, dated 06 February 2017
Inspecting and servicing of initial fire extinguishers

INTERNATIONAL COOPERATION WITH ORGANIZATION AND HIGHER EDUCATION INSTITUTIONS

In order to increase the quality of teaching, "BIZNESI" College cooperates with several universities in the country and the region, with which there are cooperation agreements in place:

"ALEKSANDËR MOISIU" University - Durrës,

"ISMAIL QEMAJLI" University - Vlora,

"FON" University - Skopje,

University of "LECCE" - Italy,

American Heritage University - USA,

London City College - Great Britain,

Polytechnic University - Tirana,

Mediterranean University - Tirana, etc.

The following cooperation with these educational institutions is carried out: Joint scientific conferences, research seminars, training in knowledge fields that these institutions cooperate with, tables on various issues of social life, scientific consultations, drafting joint projects, study visits, as well as other activities of study cooperation with teaching staff and with students.

'BIZNESI' College is certified according to ISO 9001:2008 standard for the provision of educational and technical services in the field of fire protection and occupational safety.

"BIZNESI" College participates in the project: Support and development of structures for quality assurance of Private Higher Education Institution in Kosovo.

This support is provided in collaboration with: The University of SALZBURG - Austria, with the CORK University College-Ireland, with the POLITECHNIK-Romanian University, with MEST-Kosovo, Kosovo Accreditation Agency and with WUS Austria.

COOPERATION WITH STATE INSTITUTIONS

"BIZNESI" College cooperates with governmental institutions:

Students are introduced to practical work in the relevant ministries, as well as in the office of the Prime Minister.

Students complete their knowledge through practical work as well as improve teaching qualities.

"BIZNESI" College practices the commitment of personalities of state institutions to hold lectures on certain topics, which are also related to practical work.

"BIZNESI" College cooperates with state institutions such as: courts, prosecutors, Kosovo Police, and others.

"BIZNESI" College has cooperation agreements with the following local institutions:

The Government of the Republic of Kosovo, the Ministry of Internal Affairs, the Ministry of Labor and Social Welfare, Kosovo Center for Education and Development, etc.

"BIZNESI" College has signed a Memorandum of Cooperation with the Ministry of Internal Affairs, respectively with the Agency for Emergency Management.

BCOOPERATION WITH ECONOMIC ORGANIZATION

"BIZNESI" College also cooperates with economic organizations. There is a good cooperation with the Chamber of Commerce of the Republic of Kosovo in the exchange of ideas regarding the economic and social development of Kosovo. "BIZNESI" College has good cooperation with Trade Union Organization.

Certification in the field of emergencies

PRACTICAL LEARNING

At "BIZNESI" College, students also gain practical experience during the study process:

1. The way of gaining practical experience is carried out through visits of institutions from the economic, legal and emergency fields. Students are concretely acquainted with the structure of their organization, the implementation of the practical aspect of theoretical issues, that are subject of work during studies. Students present these issues during special classes, along with other students, conducting discussion topics.

2. The second form of gaining practical experience is the participation of students in projects, through which students independently and creatively analyze practical issues that are in the field of economics, emergency and legal field.

3. The third form of gaining practical experience is the practical activity of students in concrete activities in the field of their studies.

1. FACULTY OF ECONOMY

- Practical learning in -

The Prime Minister's Office, Ministries, Banks, the Kosovo Center for Education and Development, Insurance Companies, Public and Private Enterprises, etc.

2. FACULTY OF LAW

- Practical learning in -

Chamber of Advocates, Courts of different levels, Legal Clinic, Law Office, Forensic Laboratory, Legal Office, etc.

3. FAKULTETI I EMERGJENCAVE

- Practical learning in -

The laboratory of "BIZNESI" College, the Agency for Emergency Managing, in firefighting centers, etc.
